

# **Professional Land Surveyors of Oregon Midwest Chapter 2008 Annual Conference**

**"A Vision of Prosperity & Professionalism".**

We will be taking a look into aspects of surveying that we normally shy away from. Yes, there will be technical issues discussed, but along with those we will be looking into a range of business issues that open the door to a more organized, profitable and calm business environment to enable you to stop and enjoy that mocha instead of spilling it on your lap as you rush to next meeting or project.

**March 5, 6 & 7, 2008  
Valley River Inn  
Eugene, Oregon**

Reserve these dates for an informative conference on issues that will stir your mind.
