

Meeting Notes
 12/14/2016
 Phone Conference - 6:30pm-7:15pm

Attendees: Chris Glantz, Kelly Miller, Tim Brown, Ian Read

Item	Responsible	Date Discussed	Date Complete
Risks			
Inclusion of others too early may burn them out			
Actions			
Connect with Lee Spurgeon and EGAC	Kelly Miller	6/6/16	Ongoing
<i>Young Professional Groups</i>			
ASCE	Chris Glantz	10/3/16	Ongoing
URISA	Chris Glantz	10/3/16	Ongoing
USGIF	Chris Glantz	10/3/16	Ongoing
<i>Education Liaison</i>			
OIT	Tim Brown	10/3/16	Ongoing
OSU, Umpqua, Chemeketa	Chris Glantz	10/3/16	Ongoing
Clark	Kelly Miller	10/3/16	Ongoing
National Young Surveyor forum on Surveyor Connect	Chris Glantz	10/3/16	Ongoing
Draft email to Engineering/Surveying Companies	Kelly/Chris	10/3/16	10/14/16
Draft due 10/14			
List of Engineering/Surveying Companies Due 10/14	Tim Brown	10/3/16	Ongoing
Email Engineering/Surveying companies Due 11/18	Kelly/Tim	10/3/16	Ongoing
Contact PPI regarding cost sharing for Meetup Prizes Due 12/31	Ian Read	10/3/16	
Review and expand language on PLSO website to include supporting member	Ian Read	10/3/16	Ongoing
Research Oregon TrigStar coordinator	Chris Glantz	10/3/16	
Research/look for other articles in publications relating to YSN	Chris/Kelly	4/4/16	Ongoing
Inquire about other authors for articles	All	8/1/16	Ongoing
Reach out to those already interested to gage level of involvement	Chris Glantz	4/4/16	Ongoing
Connect with other YP groups	Chris Glantz	10/3/16	Ongoing
Design OR YSN Logo – Ideas to Sam by 11/18	Samantha Tanner	6/6/16	Ongoing
Issues			
Decisions			

- Opening
 - Welcomed group to meeting
- Oregon Surveyor Column (Chris)
 - Tim reported he is still interested in his article topic and needs to start.
 - Chris reported that a coworker of his, Geoff Paull, wrote a rough draft of “how to prepare for the PLS exam.” The article needs to be reviewed before sending off.
 - Samantha’s article has been reviewed and we are waiting for her to send in the second draft.
- Outreach
 - NSPS Marketing Material
 - Chris reported that Aimee has NSPS marketing material, although she is going to look to see if any of it needs to be updated.
 - Company outreach
 - Email to companies is complete
 - Tim reported that list includes medium-large companies, where there may be some young surveyors. He is going to share the Google sheet with the OrYSN email address.
 - Purpose is to send an email to survey managers talking about OrYSN and encouraging their younger surveyors to meetings
 - Education Liaison
 - OIT – Tim
 - OSU, Chemeketa, Umpqua – Chris
 - Chris mentioned that liaison could be the head of the student geomatics chapters. That way that our group can build relationships with the students.
 - OSU’s student geomatics chapter doesn’t exist any longer. They are proposing a student chapter supported by the PLSO. Chris is going to help OSU organize the chapter.
 - Clark College – Kelly
 - Kelly talked with Tim Kent and will be visiting Clark sometime in January/February. Tim offered to accompany her.
 - Kelly offered to put together an OrYSN power point together for use in school outreach.
- OrYSN PLSO Conference Meetup
 - Wednesday, Jan 17 7:00 – 9:00 pm
 - Sponsored by Clark College-\$250
 - Buffalo Wild Wings
 - Kelly is working on contacting the restaurant. She stopped by a couple of weeks ago, and there is a side room that would be great for our group. She followed up with an email earlier this week and is awaiting response.
 - Itinerary
 - 6:30 – 7:00 – Kelly and Chris to arrive and set up
 - 7:00 – 7:30 – Welcome attendees and mingle/network
 - 7:30 – Icebreaker questions
 - 8:00 – OrYSN overview
 - 8:15 – Drawings
 - Prizes

- Hofland Monuments sponsored us with a commemorative monument paperweight with our name and the year.
- Ian is going to contact PPI to see about them supporting us with some field accessories (compass, right in the rain covers, etc.). Maybe we can price share?
- Promotions – Go out after the first of the year
 - PLSO news and special email
 - Link to RSVP on the schedule
 - Put on our web page/main web page
 - Promote with company email
 - We all should promote as much as we can
 - Curt Sumner will introduce us during Wednesday lunch. We can promote there, too.
- Planning on 30-40 people-anyone can attend. No matter their age or PLSO affiliation.
- Logo-Tim
 - Samantha’s friend is helping us out with creation of a logo.
 - Draft copies of the logo were sent out in November.
 - Group comments
 - May be considered letterhead, not quite a logo
 - Ian - liked #2 with a simple clean look. Proposed state outline with tripod in middle and OrYSN straddling the tripod on either side.
 - Tim – OIT Geomatics club has a very similar look to #2. The others are too complicated. Could do a two-tone with trees in the background.
 - Chris – Proposed a play on the OR license plate
 - We think it should be a little simpler. Needs to look good in black and white or monochrome. Want to simplify the total station.
 - Chris will send Samantha an email with comments.

Curt Sumner, executive director of NSPS, put it best when he said, “I want to encourage you to be the first generation ever of surveyors who think it’s okay to communicate with other people.”
